

Specifications

Edge Light - Light Bar		
Item	Specification	Unit
Module	SMD3030	-
Input Voltage	DC12	V
Power	28	W per bar
LED Quantity	18	pcs
Working Current	2500	mA
Luminous Flux	120	Lm/led
Beam Angle	45 x 15	°
Driving Mode	Constant Voltage	-
Size	1030 x 28 x 26	mm
Colour Temperature	6500	k
IP Grade	IP65	-
Working temp	-20 to 45	°C

LED

Application

- ~ Back & edge lighting for advertisement signage & light boxes
- ~ Commercial signage back & edge lighting
- ~ Indoor and outdoor illumination
- ~ Suitable for 10-25cm deep double-sided light boxes

Features

- ~ Powered by SMD3030 LED
- ~ Beam angle: 45x15°
- ~ Durable ABS fill—IP65 rating
- ~ Driven by constant voltage
- ~ 1.6mm aluminium board to ensure good heat sinking
- ~ Use mounting clips for easy installation
- ~ Suitable for 10-25cm deep double-sided light boxes
